

2026 NYSCRA Fall Convention Sponsorship and Vendor Opportunities

We hope this message finds you well. We are excited to announce that the New York State Court Reporters Association will hold its fall convention from Friday, November 13, 2026, to Sunday, November 15, 2026, at the Nassau County Bar Association located at 15th and West Streets in Mineola, New York.

This year NYSCRA will celebrate its 150th year as we bring together stenographers from across New York State and the country for two days of training, certification testing, networking, and camaraderie. Our keynote speaker will be Frederick K. Brewington, a respected lawyer and community advocate with a distinguished legal career. We have a series of CEU-eligible seminars for professionals as well as an educational track for students.

We are seeking sponsors and vendors to help make this year's convention our most impactful yet. As a sponsor or vendor, your organization will receive the following: Brand visibility through event signage and programs, direct engagement with attendees and the opportunity to promote your information and/or demonstrate your products, recognition at convention with signs, social media campaigns, and post-event materials. Your support would not only help us deliver exceptional experience for attendees but also align your brand with a community that shares your values in the court reporting industry.

The attached page describes the available sponsorship tiers. We will follow up soon to answer any questions.

Thank you for considering this opportunity to support stenographers by participating in our 2026 convention. We look forward to the possibility of working together to make NYSCRA's event successful.

Best regards,

NEW YORK STATE COURT REPORTERS ASSOCIATION
